Reviews

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Germaine Welch)

DIVERSITY AND COMMON GROUND

GRIN Verlag Jan 2011, 2011. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Scholarly Essay from the year 2010 in the subject Business economics - Business Management, Corporate Governance, , course: Interkulturelles Management, language: English, abstract: At the interface between diversity and common ground many human problems arise. Diversity is the unique variation, while all these singularities share a common environment, an interconnected ground. The concomitant, interrelated existence of the two might be referred to as the mystery of singular uniqueness versus the enigma of all encompassing unity. These timeless concomitant interdependent features of man's condition in his overall environment is a constant of human history which has never been solved but which has rather given rise to an endless string of relational problems, among which the big international, interracial, interreligious, inter-ideological wars, as well as that of man with the ecological common ground are milestones. 28 pp. Englisch.
